To all of the lovely people in B Wing -
All of you who treated my daughter with
so much love - I thank you profoundly.
Her year at Sunnyside was a happy one
and she showed it as she became more
secure. I have never seen her hugging
or talking to anyone she did not know or
even those she did know. My guess is
it was sort of heaven like for her
in whatever way she perceived it.

She likes her room at Wells House
and, I think, feels okay being there.
I feel her time is short in this
world, but I have the knowledge her
last year was probably the best year
she has had in a long long time.

Thank you again and again. I
will never forget you all at Sunnyside
in B Wing. Thank from Patricia.
